EXAMINATION RULES- FACULTY OF SCIENCE

A.B. Sc.(Hons) –Three years semester system

(Physics / Mathematics / Geo. Science / Chemistry)

Students will get automatic promotion to the uple class, irrespective of semester results. (They have to pass their sessional papers to appear the examination). Each student have to pass every paper separately.

Final year students will get upplementary exams for theory subjects of 3rd year 1st semester & 3rd year 2nd semester. Provided they have no back paper in 1st year & 2nd year class.

Pass marks for individual paper

For	Honours paper	:	Theory 40% - Practical 36%
	Subsidiary paper	:	36% for both theory & practical
	Sessional paper	:	40%

Degree

First Class	:	60% & above of honours paper
Second Class	:	40% & above but below 60% of honours paper
Distribution	:	50% & above in aggregate in subs. Subject

** No student shall be permitted to sit for the examination after the lapses of 6 years from the date of admission to the B. Sc. First yr. first semester class.

B.M. Sc.

1.(Physics- Semester System)- 2 yr. 4 Sem. (day), 3 yr. 6 Sem. (Evening)

2.(Applied Geology 2 yr. 4 Sem.

Eligible to appear the University Examinations. Student have to pass the sessional papers.

Students will get automatic promotion to the next heigher class irrespective of semester results. Student have to pass every paper separately.

Final year students will get supplementary exams for theory subjects. [for Physics (day) & Appl. Geology : 2nd yr. 1st Sem. & 2nd yr 2nd Sem ; Physics (Eve) : 3rd yr. 1st Sem & 3rd yr. 2nd Sem.] Provided students have no back paper in previous years. Students who fail to submit their dissertation, seminars and comprehensive viva will not come under the preview of supplementary examination.

* To be eligible to sit for the final 2nd sem exam. student must complete seminars & submit dissertation.

* Pass mark 40% for both theory & practical paper.

* Degree : 1. First Class : 60% or more of the aggregate marks.

2. Second Class : 40% & above but below 60% of the aggregate marks.

* No student is permitted to sit for the examination after the lapse of 5 years. (for Physics (day) & Applied Geology) and 6 years (for Physics (Eve) from the date of admission to the course.

2.(Biotechnology-Annual system)

Duration of course 2 years. Examination shall be held in two parts.

M.Sc. Part - I (First academic years) M.Sc. Part - II (Second academic years)

Student will get maximum 4 years to complete the course.

Aggregate pass marks both for theory & practical papers are 40% student of the M.Sc. Part - I have to pass both Theory & Practical papers to promote M.Sc. Part - II class. However the students failed to promote, have to pass only the theory or practical papers in which he/she had failed, in the next Part - I examinations.

Degree

First Class : Securing 60% or above in aggregate

Second Class : Securing 40% & above but below 60% in aggregate

* Student have to pass sessional paper to appear the University examinations.

C.M. Sc.(Mathematics / Electronic Science / Chemistry)

Duration of course 2 years. Examination should be held in two parts.

M.Sc. Part - I (First academic year)

M.Sc. Part - II (Second academic year)

No student shall be permitted to sit the M.Sc. examination after the laps 5 years from admission to the M.Sc. first year class.

M.Sc. Part - I student shall promoted automatically to the

M.Sc. Part - II Class irrespective of M.Sc. Part - I result.
